

October 2019

Hi Everyone,

We have been contributing to the sponsorship of a 18 year old girl from Buhangezi, Rukiga, Uganda. Her name is **Ainembabazi Sonia** (Sonia is her first name and Ainembabazi her surname but it's written like this). The sponsorship helps with clothes and food for Sonia, as well as her education, her healthcare and her quality of life. Sonia has had a very difficult start in life: her mother is often ill and she goes to a boarding school as it is not safe for her to live at home alone when her mother is in hospital. In Rukiga being sponsored is seen as a privilege and children are proud to be sponsored. Last year (2018-2019) we contributed over £60, which goes a long way in Uganda.

I am asking if you will consider pledging **£1 a month**. Please have a serious think and see if you can take part in this. For each of us it may not be much – about the cost of some crisps or a bottle of drink a month – but we can change her life! You might want to talk to your family if you need some help – for example you could contribute £6 and you could ask your parents to match this.

The sponsorship is through the Ickenham charity **CLICK Rukiga**, who I am sure you will have heard of – see here for more info: www.clickrukiga.org.uk.

Thanks for reading – if you would like to support Sonia please fill out the slip below and return it to me (please put in an envelope or fold it over and staple it if you want to keep it private).
